WORK EXPERIENCE

UX/UI Designer

Curia (Innoplexus AG)

Frankfurt, Germany Nov 2019 - Present

Curia

- Lead the designs of multiple dashboards that determine the quality of the consumer-facing mobile app. Responsible for user flows, designs, and prototyping. Maintained consistent communication with management and other teammates to ensure efficient progress of project.
- Redesigned the Curia homepage and worked closely with developer to bring app into a production-ready state.

Innoplexus

- Collaborated with C-level and VP-level management as the lead designer for a project proposal to a big Pharma client.
- Enhanced one of Innoplexus' most promising products by brainstorming UX cases with my team on how to simplify complex concepts. Contributed to the UI designs of this project.

Software Engineer, Intern

Open Room, Inc.

Tokyo, Japan Apr 2019 - July 2019

- Designed and developed an internal use application that centralises data of all Open Room users.
- Optimized code of new and existing services by writing unit tests.
- Implemented an autocomplete feature to sign up/login page for used for all Open Room products
